

Annual Reports for Waterworks

For each school using well water, the Upper Canada District School Board prepares an Annual Report on the operation of the drinking water systems in accordance with Ontario Regulation 170/03.

Individual reports are available for public viewing, on request, at each school.

Individual copies of the Annual Reports can be obtained free of charge on request by contacting the Board's Plant Department at 613-342-0435 ext.1293.
